(Subj :- Clarification on the share allotment letter)

Dear Sir,

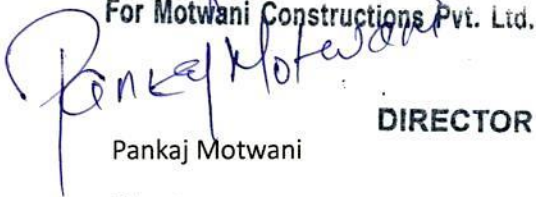

We have applied for registration of our approved 3S+18 Residential Apartment project named ANANTARA in Mz :- Koradakanta in ORERA. In one of the objections we were asked to why the name of Guna Maharana is not present in the share allotment letter and to provide separate share allotment agreement for all the three plots.

In regards to which I want to clarify that Guna Maharana is not part of plot no. 295 and we have submitted a new ROR regarding the change of this. Rest all three plots belongs to the same family and all are the Legal heirs of Fakir Jena. Even the development agreement and power of attorney has been executed with all the legal heirs and all the plots together. Further, to avoid any further complication between the legal heirs we had made a single share allotment with all the legal heirs to avoid any confusion in future.

Thanks

Regards
