Sub: Regarding clarification on objection raised to deleting Sl.No.725,726,535,536 and correction of allocation of units as per share allocation under unit details.

Sir,

With reference to subject cited above, I would like to bring your kind attention in the lines mentioned below.

1. There is no provision in the ORERA website (<https://pacms.orera.in>) to delete any serial numbers. Because of this, we have mentioned the serial numbers 725,726,535,536 as "NA".
2. Corrected the allocation of share under unit details as per the share allocation agreement.

In view of the above, I request for your kind consideration and further approval of my project "EVOS ELCHEMY"

Yours sincerely
