Subject:- Structural Design Proof Checking of Proposed Construction of Residential Buildings at Khandagiri, Bhubaneswar, Odisha for M/s. Falcon Real Estate Private Limited.

Dear Sir,

This is with reference to your letter dated 14-09-2022 on the above-mentioned subject. I have gone through-the analysis, design and drawings of the proposed residential buildings (i.e., Building No. 1, 2, 3 & 4) prepared by M/s. Epicons Consultants Pvt Ltd. The above said structural analysis, design and drawings are vetted considering structural configuration of 2 Basements + Ground floor + 17 upper floors and future provision of construction of 5 additional floors considered in design (i.e., 2 Basements + Ground floor + 22 upper floors maximum).

The analysis and design of the buildings is found to be in order and in accordance with relevant Indian Standards. The associated design and drawings are countersigned which may be accepted for commencement of construction.

Please free to contact me if any clarification is required

Yours sincerely,

(R.S. Jangid)
