### CLARIFICATION

It is stated that, the "Estimated Project Cost" is Rs 64,26,00,000/- as per the report submitted by the "Edecons Consultants Pvt. Ltd." and signed by the Structural Engineer and Architect. But it is erroneously mentioned as Rs.64.26 lakhs in the respective field. As there is no option to change the "Estimated project Cost" to Rs. 6426 lakhs, the same has been remaining unchanged. Hence, the field earmarked for "Estimated Project Cost" may be read as Rs.6425 lakhs instead of Rs.64.26 lakhs.

Secondly, as objected a rectified Cadastral Map has been uploaded. It is seen that, the degree of latitude point no 15 & 16 and longitude bend point no 2 & 3 are different from the earlier bend points. Since there is no option left to change the degree of revised latitude bend point no 15 & 16 and Longitude bend point no 2 & 3 the same may be seen from the uploaded cadastral map.

Submitted for better appreciation
