**Sub:-** **Permission for construction of V.R Bridge at RD 1870 mtr. of Rudrapur Sub-Minor of Mouza – Rudrapur, Dist – Khordha to Plot No. 261, 273 & 274**

**Ref:-** Memo No. 34267 dated 13.12.2019 of CE,FC&BM,LMB,BBSR

Sir,

With reference to the letter cited of the above subject, permission for construction of V.R Bridge at RD 1870 mtr. of Rudrapur Sub-Minor of Mouza – Rudrapur, Dist – Khordha to Plot No. 261, 273 & 274 has been accorded permission with the following conditions as detailed below.

Sl. No	<b>Approval criteria as pr DOWR Notification No. 14619 / WR dated 23.06.2016.</b>
A	<b>Permission accorded for construction of V.R Bridge at RD 1870 mtr. of Rudrapur Sub-Minor of Mouza – Rudrapur, Dist – Khordha to Plot No. 261, 273 &amp; 274 with the following conditions</b>
1	Such permission should not be misused by encroachers to usurp (unauthorised occupation) Govt. land.
2	Ensured that the proposed provision is not misused by encroachers to usurp (unauthorised occupation) Govt. land.
3	Govt. reserves the right to withdrawn / modify the permission, if required in public interest.
4	The ownership right over the land (of construction site) and the structure shall be reserved with the Department.
5	The hydraulic and structural parameters of the canals / natural nallah or drains shall not be disturbed during and after construction.
6	The work will be executed by the applicant in consultation with the concerned E.E and his authorised representatives. The E.E will ensure that the work is executed as per design and specification with proper quality.
7	The applicant shall clear the work site of debris after completion of the work.
8	The applicant shall take care of any law and order situation arising due to the work.
9	The structure after completion shall be opened for public use.
10	Periodic maintenance of the structure and approaches shall be done by the applicant.
11	The applicant will not claim for any compensation in case the permission is withdrawn or modified by Govt., if required at any point of time.
12	Any damage to the canal / natural nallah or drain / banks / service road made by the applicant shall be repaired and restored immediately by him during and after execution of work.
13	Ensure that the approach road to be constructed will not create drainage congestion in future.
14	No personal construction activities / permanent structure shall be done over Plot No. 261, 273 & 274 by the agency. The proposed road / VRB will be used by the public for general purpose.
15	The ownership right of land and proposed road / VRB shall be reserved with Water Resources Department as usual. DOWR reserves the right to withdraw the said permission at any time without assigning any reason thereof.

16 | Construction work should be taken up without hampering the smooth water supply in canal during  
Khariff and Rabi season.
